

The DuraFlex Green Signature Series secure collection console is the world's first console with no-added formaldehyde. It's elegant finish is a complement to any discerning office decor.

FEATURES

- **Ultra Strong Modular Base** - Protects the door at greatest impact points and allows console to slide easily.
- **Durable** - Cam connected instead of glued for extra strength and durability.
- **190° Nylon Hinges** - Door is out of the way when emptying. Unlike steel, does not damage the melamine when under pressure.
- **Nylon Hooks** - Bags hook and unhook with ease. Unlike traditional metal hooks, nylon hooks prevent collection employees from being nicked or scratched.
- **Light Weight Design** - 25% lighter than competitor consoles. Easy delivery and on-site set-up for deployment and re-deployment.

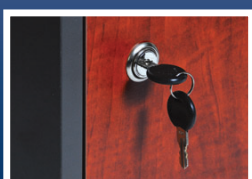

190° nylon hinge for unobstructed collection
